LPSSA

Amy Lowell, Wastewater Superintendent wants to inform residents that are required to have grinder pumps that a *Remote Sentry* is being provided by the Town with each unit. It is an alarm when the pump reaches a high level. Also recommended guidance on winterization if the property is unoccupied. These guidelines were posted on www.fhmna.org.

We have received information that all Maravista laterals and drains will be complete by 11-7-16. A letter will be sent to the homeowner once connection is available. Maravista will be paved in the Spring 2017. Sidewalk evaluation will also be done for future project.

Tax credits for LPSSA Full Time Residents are available. Information will be posted on the FHMNA website.
