Subject: FHMIA: FACES support for Question1 (wastewater management)

From: <info@fhmia.org>

Date: Wed, April 30, 2014 9:56 pm

To: "FHMIA Website" <info@fhmia.org>

FHMIA Email Members,

Regarding the FACES information we recently emailed: we're sorry if there was any confusion. We did not mean to imply that the FHMIA Board has endorsed the FACES position on this year's ballot question. In fact, we have not had a Board meeting since the question was proposed and have not discussed the issue. We just wanted to send out any information that comes in to us. If we hear of anyone official or any group which plans to oppose this question, we would send that as well.

The last information we have is the Enterprise article on 2/14/14 "How Residents Pay for Sewering A Question To Be Answered" which preceded the Water Quality Management Committee's presentation to the Board of Selectman on 2/24/14. You can watch that meeting on FCTV <http://www.fctv.org/v3/vod/board-selectmen-february-24-2014-part-1-2> and <http://www.fctv.org/v3/vod/board-selectmen-february-24-2014-part-2-2>
