

THE VISTA

Falmouth Heights-Maravista Neighborhood Association ~ Organized 1889

Volume 15 Number 2

PO Box 43, Falmouth, MA 02541

December 2020

July 4th

This year's fireworks display planned for July 4th off Falmouth Heights Beach was cancelled due to COVID19. This classic Cape Cod summer event and family tradition was greatly missed!

Annual August Meeting

Thank you to all who attended the Annual meeting via Zoom. It was unfortunate that we missed another chance to get together but the meeting was informative and covered many accomplishments and concerns.

Grinder Pump reimbursements

If you installed a grinder pump during the LPSSA project, you may be eligible for up to an \$1,800 reimbursement. Deadline to submit your application form and W9 is December 31, 2021.

Nominating Committee

We need your help! FHMNA has director positions open for any member who is interested in becoming more involved in our association and advocating for their neighbors. Please send an email to: info@fhmna.org with your contact information or feel free to contact any current director for more information on this opportunity.

FHMNA Reorganization

At the Annual Directors' Reorganization meeting, the Directors re-elected President David Buzanoski and Secretary Carol Ziemian. Debbie Scott was elected as Vice President. The Association's Treasurer position is currently open.

Mayflower Wind, a joint venture project between Shell and EDP Renewables, is in the early phases of planning an 804-megawatt wind farm located 30 miles south of Martha's Vineyard on the Atlantic Coast Outer Continental Shelf. The Conservation Commission and the Select Board have approved limited, localized geotechnical boring investigations for the purpose of supporting the planning and design of a proposed Horizontal Directional Drilling landing of a submarine export cable at 0 Surf Drive and 0 Grand Avenue (end of Worcester Court). This does not obligate the Town to become a host community or approve future applications. The Town will be hiring an independent third party consultant. The Association has engaged the Select Board with members' concerns. There are also individuals in favor of alternative energy as well as some that are skeptical about health and financial consequences that accompany this project. FHMNA will be requesting an informational presentation for members.
